

Are you receiving SNAP Benefits?

Do you need to find a job or establish more substantial employment?

Then Two Rivers Regional Council might be able to help you with short-term vocational training for a brand new career in a high growth industry.

If you are interested in being a Certified Nurse Assistant, Welder, or Truck Driver then we have programs that can pay the cost of training and we can help you with employment after completion of training in these areas.

If interested in this opportunity please contact

Jeremy Oshner
